

Introducing

Money A+E

Money A+E transforms lives through money advice and education.

Our award-winning social enterprise was founded from our Co-Founders' lived experience of debt and financial exclusion, as young black men in East London.

They saw an urgent need for more expert, trusted money support to address the issues of poverty, inequality and poor mental health caused by money problems.

Money Mentors course Graduation, 2022

OUR VISION:

By 2025

To empower 4,000 people each year with life-changing money advice + education.

IMPACT SNAPSHOT

£2.4m Total client debts managed in 2022

£737k Financial gains for our clients in 2022

58% Average wellbeing increase up to 2yrs after using our services

Today, Money A+E's services are proven to build long-term financial resilience and wellbeing, where it is needed most. We work with Diverse Ethnic Communities, disadvantaged groups, young people, and anyone who needs our support.

Our services include: free 1-2-1 debt, benefits & energy advice; financial education workshops for adults and young people; and courses that boost employment prospects through upskilling and ASDAN-accredited qualifications.

OUR PEOPLE

We couldn't make this impact without our team of passionate, talented people!

We support our staff with a wide range of training and development opportunities, a working Wellbeing Strategy, and an approach to work-life

OUR VALUES

Expertise

Empathetic

Community-led

Innovative

Flexible

Empowering

Money A+E team & community, Walkathon fundraiser in West Ham Park, 2022

balance built on flexibility and mutual trust. For our work promoting our values we were winners of the PwC Building Public Trust Award for Upskilling Reporting, and nominees for the SEUK Award for Building Diversity, Inclusion, Equity & Justice.

Our services are built around an innovative lived experience model. Many of our team have known money issues themselves and come from the communities we support. This allows us to deliver an empathetic service and build trust with underserved communities.
