MONEY £ MENTORS

Money Mentors Schools empowers **young people from Diverse Ethnic Communities (BAME) and disadvantaged communities** to become the next generation of leaders.

We teach the essential skill of money management - essential for personal success and to fight inequality in the long-term. Our sixth form and secondary school students then share their new knowledge through presentations to their peer group, and their confidence and employability is boosted with the support of our expert team.

Students receive a Level 2 qualification (equivalent to a **GCSE at grades A*-C**) for successful completion of the course. Money Mentors School is an OCN London qualification and ASDAN customised accredited programme.

[Click here](#) to see how we work with partners to provide **employability mentoring** for students.

[Click here](#) to see how the impact of the programme is proven by **evaluation**. A partnership with us will make a real difference to the lives of disadvantaged young people and demonstrate your commitment to equality.

Watch the programme in action with our [video](#) filmed at **BSix College Hackney**.

DAVID ADAIR

Head of Community Affairs, PwC

The more...support Money A+E can give the more confident people will be...help take away the stigma of talking about money.

MARTIN LEWIS

The Money Saving Expert

Money Mentors is at the forefront of financial education... Well done to every Money Mentor at this [Graduation Event](#).

MR JAKE JONES

PSHE Lead, Cumberland School, Newham

We really liked the pupils teaching other pupils [in] the school...We also valued the skills taught like personal finance, presentation and communication skills.

“Overall I thought this was an incredible experience as not only did I receive training on how to manage my money but I was also able to share what I had learnt with my peers and I also gained lots of skills.” - Amanda Ngeli, Money Mentor @ St Angela’s, Newham, London

“When looking at the project overall what went well is that it had improved my confidence, as I was terrible at public speaking especially to a group of more than 10 people.” - Whitney Korengteng, Money Mentor @ St Bonaventure, Newham, London

Money A+E: Our Mission

We provide money education for anyone who wants to get money confident.

We work with Diverse Ethnic Communities (BAME) and disadvantaged groups.

Money Mentors Schools

The Money Mentor Schools programme teaches sixth form and secondary school students about the essential skill of money management, and then trains them to teach it to their peers.

Up to 30 school mentors will train whole year groups, focusing on personal finance topics that have been identified as areas of need. Qualifications gained for full completion of the course are equivalent to a GCSE grades 4-9 (Level 2/A*-C).
